

PIOTR PONIKIEWSKI

FULL STACK DEVELOPER

Bielsko-Biała, Poland | pponikiewski7@gmail.com | github.com/pponikiewski

I build full-stack applications in TypeScript. I am interested in AI and use it in practice: automations, work-support tools and faster prototyping. I enjoy exploring new technologies and understanding the tools I use. I am looking for my first commercial project where I can develop these skills in a real-world setting.
